

Premiera Plaque

Award plaque or a work of art? We think you'll agree that our *Premiera Plaque* is a little bit of both. This contemporary designer plaque maintains warmth through the use of cherry stained wood and black leather that is contrasted by the use of chrome plated rods. The jade glass is suspended to add dimension, while its textured patterns add a unique design element that sets off your message. Comes ready to hang or will stand alone using its acrylic stand.

Neopolitan Award

Traditional yet contemporary, this neoclassic award is rich with tone and texture. The silver-plated base reflects light throughout the jade crystal plaque while contrasting well with its black metal columns. The design is further touched off by etched patterns that carry out the neoclassic theme. For best results we recommend etching your logo and award inscription as shown.
